Ms. Purnima Voria
President
National U.S. India Chamber of Commerce
15529 West Maple Drive
Golden, CO 80401

Dear Advisory Board Members and Guests:

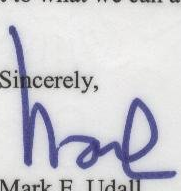

I regret that I could not be with you in person to express my enthusiasm around the recent formation of the National U.S. India Chamber of Commerce.

The United State and India have long been partners in democracy and in trade. While each nation has a distinct history and culture, we also share many commonalities. The world is rapidly becoming a smaller place in which to live and work, and that means our economies and our way of life are becoming highly interconnected. Global prosperity depends on lasting relationships that are based on mutual benefit and mutual respect. While India and the United States have developed a strong, peaceful, and very advantageous relationship over the past century, there are many opportunities for improvement.

I became a member of this Advisory Board, because I believe both nations have much to gain from our close ties. Promoting industrial, commercial, and social partnerships between the U.S. and India will not only have a positive impact on a national and international scale, but also within our own State. Colorado, with its highly educated workforce and spirited business environment, has the unique fortune to play host to this wonderful new organization.

Thank you for your interest and participation in the National U.S. India Chamber of Commerce. Together there is no limit to what we can achieve!

Sincerely,

Mark E. Udall
Member of Congress

*Purnima: I'm
proud to be on
your team!*
